Start today to prepare for a Ghana— West Africa vacation! —Payment Plan available.

Ghana is considered one of the more stable countries in West Africa since its transition to multi-party democracy in 1992. Formerly known as the Gold Coast, Ghana gained independence from Britain in 1957, becoming the first sub-Saharan nation to break free from colonial rule.

Explore democracy in Accra, the capital of Ghana with a population of over 2.6 million people. Tour the interesting Kwame Nkrumah Mausoleum and amazing Aburi Botanical Gardens and W.E.B DuBois Centre for Pan-African Culture, the national museum for collection of prehistoric and contemporary artifacts. Stroll the streets of the rural villages such as Adinkra Village to discover the life and scenic views of Elmina/Kumasi Central Region where you can experience the richness of Ashanti culture, and true richness of Ghanaian culture and heritage and the Cape Coast Region. Tour the University of Ghana to better understand the Ghana educational structure. Visit the “Slave River” in Assin Manso and see the area where captured Africans were placed, before confined in the slave castles before shipping to the Americas and Caribbean. Take a emotional journey to the slave dungeons, to be known as the “Door of no Return”. Experience the hustle and bustle of the West African people. The views of the life of the people of Ghana will forever be remembered. Their marked skill in woodcarving is remarkable and stunning. Relax at a luxury hotel in Accra, and explore the culture, historic and unique experiences of the people of Ghana in the other regions.

While the Ghana experience will be one that will be remembered for many days to come.....take some time to enjoy the sites and culture in the “Big Apple”. The trip begins and ends in New York City, so we invite you to extend your vacation either on the front end or on the back by taking in a Broadway show or taking time to go to your favorite NYC restaurant. There are always endless exciting things to do in NYC!!!!
